CRANE & SUSTAINABILITY

Crane USA is dedicated to your environment both inside and outside your home. We know if cleaned and maintained properly, our products last for years helping to reduce unnecessary use of resources and emissions making new products.

The Crane manual you are holding is from recycled materials with no added finishes or harmful dyes. If the humidifier should no longer operate, please be sure to dispose of the unit in an environmentally friendly way by taking it to a public collection point.

PLEASE DO NOT PLACE BROKEN HUMIDIFIERS WITH YOUR REGULAR HOUSEHOLD WASTE.

IMPORTANT SAFETY INSTRUCTIONS

WARNING! READ AND SAVE THESE INSTRUCTIONS. Failure to follow all of the instructions listed below may result in electric shock, fire and/or serious personal injury.

1. **It is advisable to carry filled Water Tank with two hands.**
2. **DO NOT operate outdoors. This humidifier is intended for indoor use only.**
3. Always have water in the Water Tank when operating the unit.
4. Use only clean, cool tap water to fill the Water Tank (filtered or distilled water is recommended to avoid white dust if tap water is too hard. **DO NOT use hot water.**
5. Be sure that the Water Tank Cap is firmly tightened on Water Tank. Always have the Mist Lid in place while the unit is operating. Place the humidifier so the mist aims away from children, walls, furniture and electrical appliances.
6. Use only a 110-120VAC outlet.
*** ALWAYS plug and unplug unit with dry hands to avoid electric shock.**
7. Never operate the unit with a damaged cord or plug.
8. Always place the unit on a smooth, flat, lint-free, non-metallic, waterproof and level surface and position unit away from direct sunlight. Keep the cord away from heated surfaces and areas where it could be walked on or tripped over. Unplug the unit when not in use and whenever you clean or move the unit.
9. Do not add medication of any type into the Water Basin or Water Tank. Do not cover any openings on the unit or insert objects into any openings.
10. The unit should not be left unattended in a closed room as the air could become saturated and leave condensation on walls or furniture. Leave room door partly open when humidifier is being operated.
11. When cleaning the inside of the humidifier, keep water away from the Fan Vent. **Turn off and unplug the humidifier to wipe the exterior** (except the electrical controls) with a damp cloth. Humidifier requires regular cleaning. Please refer to the CLEANING INSTRUCTIONS in this manual.
12. Do not tilt or tip the humidifier or attempt to empty or fill it while it is in operation.
13. Do not use a detergent to clean any parts of the unit that contain water. Detergent film dissolved in the water supply can interfere with the output of the unit. Instead, always use white vinegar mixed with water to clean the humidifier.

SAVE THESE INSTRUCTIONS!

GENERAL SAFETY INSTRUCTIONS

WARNING! Read and understand all instructions. Failure to follow all instructions listed below may result in electric shock, fire or serious personal injury. The warnings, cautions, and instructions discussed in this instruction manual cannot cover all possible conditions and situations that may occur. It must be understood by the user that common sense and caution are a factor which cannot be built into this product, but must be supplied by the user.

THIS HUMIDIFIER IS NOT A TOY!

Do not let your child play with this humidifier. Serious injury and electrocution might be possible. This humidifier has to be operated by an adult only. Children should be supervised to ensure that they do not play with the humidifier.

SAVE ALL INSTRUCTIONS!

CAUTION: A short Power Supply Cord is provided to reduce the risk of personal injury resulting from becoming entangled in or tripping over a longer cord. Extension cords are available from local hardware stores and may be used if care is exercised in their use. If an extension cord is required, special care and caution is necessary. Also the extension cord must be (1) marked with an electrical rating of 125 V and at least 13 A., 1625 W., and (2) the cord must be arranged so that it will not drape over the countertop or tabletop where it can be pulled on by children or accidentally tripped over.

ELECTRIC POWER

If the electric circuit is overloaded by other appliances, your humidifier and/or appliances may not operate properly. The humidifier should be operated on a separate electrical circuit from other operating appliances.

SAFETY WARNING

Although your humidifier is easy to operate, for your safety, the below warnings must be followed:

1. Do not place the humidifier near a heat source.
2. Never leave the humidifier unattended while connected to the electrical outlet.
3. To avoid any accidents, never cover the Mist Lid when the humidifier is in operation.
4. Use the humidifier on a smooth, flat, lint-free, non-metallic, waterproof, and level surface away from water.
5. Do not unplug from the wall socket by pulling on the supply cord.
6. The humidifier must be unplugged:
 - A. Before either filling or emptying the Water Basin and/or Water Tank.
 - B. Before any cleaning or maintenance is performed.
 - C. After each use.
 - D. If it appears to be faulty.

THIS PRODUCT IS INTENDED FOR HOUSEHOLD USE ONLY.

LIST OF MAIN PARTS

<p>Fig. 1 (Base)</p> <ol style="list-style-type: none">1. Power Button2. Light Button	 A close-up photograph of the front of the white nebulizer base. The top is a light blue color with the brand name 'Crane' visible. Two buttons are shown: a power button (1) with a power symbol and a light button (2) with a lightbulb symbol.
<p>Fig. 2 (Top of Base)</p> <ol style="list-style-type: none">3. Water Reservoir4. Nebulizer5. Water Level Sensor6. Brush for Cleaning	 A top-down view of the white base. It shows a central circular area with a nebulizer (4) and a water level sensor (5). A brush (6) is located at the bottom edge. A water reservoir (3) is on the right side. An arrow labeled 'Drainage Direction' points to the left.

TECHNICAL SPECIFICATIONS

Rating Voltage	Input 120V AC 60Hz Output 18V DC
Frequency	50/60Hz
Water Tank Capacity	Approx. 0.4 Gallon / 1.5 Liter
Run Time Per Tank	Up to 18 hours
Humidifying Capacity	Up to 160 sq. ft.

BEFORE EACH USE:

CHECK HUMIDIFIER PLACEMENT:

Place the Humidifier on an elevated, non-metallic, lint-free, waterproof, level surface at least 2 feet above the floor.

- **DO NOT PLACE ON CARPET OR TOWEL.** The fan vent is located on the bottom of the humidifier base. The fan vent **MUST NOT** be obstructed.
- **DO NOT PLACE ON WOOD SURFACE** or near furniture that can be damaged by too much moisture.

CAUTION

- **DO NOT** attempt to operate the humidifier without water in the Water Tank.
- **DO NOT** plug or unplug the Power Cord with wet hands as electric shock could occur.

ASSEMBLY & USE

ALWAYS use fresh cool water when operating the humidifier.

1. Turn Water Tank upside down, unscrew Water Tank Cap and fill with cool water only.

ALWAYS HOLD WATER TANK WITH TWO HANDS WHEN FULL.

DO NOT fill water all the way to the rim.

DO NOT use hot water.

DO NOT add any medication, essential oils, or salt.

DO NOT pour water into Mist Lid.

2. Screw Water Tank Cap back onto Water Tank and turn the tank over to place on Humidifier Base, making sure it fits together securely.

Note: Do not attempt to move the humidifier while Water Tank is placed on the Humidifier Base. Doing so may cause leakage of water and/or Humidifier Base to overflow.

3. Plug the power cord into a wall socket and turn on the unit by pressing the power icon on the humidifier base.
4. The Power Indicator Light will beep one time and illuminate blue indicating that there is enough water in the Humidifier Base and mist will begin emitting on the low setting through the Mist Lid.

1st Press: Humidifier ON LOW

2nd Press: Humidifier ON HIGH

3rd Press: Humidifier OFF

5. The light Indicator Icon

1st Press: Turns on light and cycle through colors

2nd Press: Freezes the last color is was on

3rd Press: Turns off the light

** The light can function without the mist function on*

6. When the humidifier runs out of water, the Power Indicator Light will flash red. This is a safety feature to prevent the humidifier from possibly overheating and damaging the Nebulizer. Press the power indicator and it will beep on time and power off. Unplug the unit before removing and refilling the water tank.

A NOTE ABOUT HUMIDITY

- To reduce excessive humidity or condensation, especially in small rooms, leave the room door open and adjust mist intensity to the low output setting.
- Too much humidity in the room may allow moisture to accumulate on surfaces where bacteria and fungi can grow. Moisture that gathers may also damage furniture and walls, especially wallpaper.

MAINTENANCE

Cleaning and disinfecting on a regular basis is important for maintaining the performance of your humidifier.

IMPORTANT: Water left in the tank or base when not in use may result in buildup of mineral deposits and bacteria which may inhibit the output efficiency as well as void the warranty. If water remains in the Water Tank for more than a day or two, bacterial growth is possible.

DAILY MAINTENANCE

1. Turn off, unplug from outlet and empty water from tank & base daily.
2. Wipe and dry humidifier base with a clean, dry cloth or paper towel.
3. Allow tank & base to air dry.
4. Leave cap off the tank until ready for next use.

WEEKLY MAINTENANCE

1. Turn off, unplug from outlet and empty water from tank & base.
2. Fill the water tank halfway warm water and add 2 Tablespoons of white vinegar. Shake vigorously and let sit for 20-30 minutes. Empty tank and rinse with plain water. Remove the mist lid and rinse thoroughly dry and replace.
3. Rinse mist chamber with warm water use brush to clean.
4. Fill base with warm water, add 1 tablespoon of white vinegar and let sit for 30 min. Empty base & wipe with a dry cloth.
TIP: Clean the nebulizer with brush provided or cotton swab after soaking.
5. Allow tank & base to air dry and leave cap off the tank until the next use.
NEVER IMMERSE HUMIDIFIER BASE IN WATER.

END-OF-SEASON MAINTENANCE & STORING YOUR HUMIDIFIER

1. Turn off, unplug from outlet, and empty water from tank & base.
2. Follow instructions for weekly maintenance above.
3. Let all parts dry completely.
4. Store humidifier in a cool, dry place.
